AtlanticLINKS Mentoring Programme

Overview

We want to create a more engaged and better informed community of alumni. UWC Atlantic has an amazing network of more than 9,000 alumni globally. Through a mentoring programme alumni can get, as well as offer, support and guidance from others in the College network. It is an opportunity to help, grow and connect with others within the UWC Atlantic alumni community.

Mentorship can focus on career and educational choices, entrepreneurial ideas, projects, career change, and much more. It is an opportunity for the mentee to seek advice and input from an alum that has the relevant experience to be of support. At the same time, the mentor gets a chance to help, learn and share their experience with the mentee.

The AtlanticLINKS Mentoring Programme brings alumni in closer contact with each other around five key areas:

1) Career guidance
2) College/university advice
3) Career change
4) Advice on current project
5) Advice on entrepreneurial idea

The programme can be fully carried out by phone or online. Alumni are able to find a match online using the Atlantic Connect platform. Guidance on how to join the programme through Atlantic Connect is available in the AtlanticLINKS Mentoring Programme - FAQs file.
The idea is to have an at least three-month engagement, where you have at least one phone call or one email exchange per month. Every few months we will send you a feedback form to find out about your experience so that we can continuously improve AtlanticLINKS.

If you end up benefiting from the programme, or know other alumni who may be interested, then please help us spread the word. We would love for many more UWC Atlantic graduates to get involved!
